EDUCATION

Shah and Anchor Kutchhi Engineering College

Bachelor of Engineering in Information Technology

Chembur, Mumbai

Aug. 2023 – Present

B.N.B College of Science

12th - Science

Thane

Aug. 2021 – May 2023

EXPERIENCE

Data Analyst Intern

MuSo (Museum of Solutions) - JSW initiative

April 2026 – Present

Worli, Mumbai

- Analyzing operational and visitor data to derive actionable insights supporting strategic decision-making at a JSW-backed innovation initiative.
- Building dashboards and visual reports using Python and data visualization tools to track key performance metrics.
- Assisting in data cleaning, transformation, and pipeline development to ensure data quality and reliability

Wordpress Developer Intern

DigiFalx - Digital Beginnings

Feb 2025 – Jan 2026

Sanpada, Navi Mumbai

- Developing and maintaining client websites, customizing themes/plugins and ensuring cross-browser compatibility.
- Optimizing site performance and implementing SEO best practices; reduced average page load by 30
- Collaborating with design and dev team to troubleshoot issues and deliver responsive, accessible web experiences

Business Analyst Intern

Hatmedia

Mar 2024 – Dec 2024

Andheri, Mumbai

- Assisted project managers in planning and executing projects, ensuring adherence to timelines and deliverables.
- Monitored project budgets, tracked expenses, and prepared financial reports to ensure cost-effectiveness.

PROJECTS

FactMatrix | A Fake News Detection Platform

2026

- Built a real-time fake news detection web app using NLP and multiple news APIs to cross-reference article credibility.
- Developed full-stack with React.js frontend, Node.js/Express backend, and MongoDB — achieving sub-2s detection response time.

PhishGuard | Phishing link Detection

2025

- Engineered a phishing detection system using ML models to analyze URLs, email headers, and web content in real-time.
- Built with Python/Flask backend and React frontend; trained classifier on 50,000+ phishing samples achieving 94 percent accuracy.
- Selected for Smart India Hackathon — designed to protect users from credential theft and social engineering attacks

SecureNext | Security-First Web Application

2025

- Developed a MERN stack app with JWT authentication, bcrypt password hashing, and encrypted data storage layers.
- Implemented role-based access control (RBAC) and secure session management to protect sensitive user data.

TECHNICAL SKILLS

Languages: Java, Python, C/C++, SQL (Postgres), JavaScript, HTML/CSS

Frameworks: React, Node.js, Flask, WordPress, Material-UI, FastAPI

Developer Tools: Git, Docker, TravisCI, Google Cloud Platform, VS Code, Visual Studio, PyCharm, IntelliJ, Eclipse

Designing Tools: Figma, UI/UX Design, Wireframing, Prototyping, User Flows

Libraries: pandas, NumPy, Matplotlib
