Parth Avhad

Mumbai, India · +91 8433591056 · avhadparth04@gmail.com · github.com/AvhadParth · linkedin.com/in/parth-avhad

SUMMARY

B.Tech Information Technology student at SAKEC, Mumbai University, with hands-on experience in full-stack development, UI/UX design, and DevOps. Passionate about building products that are both technically solid and visually sharp — from MERN stack applications to AI/ML-powered tools. Currently interning as a WordPress Developer while actively shipping personal projects.

TECHNICAL SKILLS

Frontend	React.js, HTML/CSS, JavaScript, GSAP, Tailwind CSS, Framer
Backend	Node.js, Express.js, MongoDB, REST APIs, MERN Stack
AI / ML	Python, TensorFlow, MediaPipe, OpenCV, NLP
DevOps	Docker, Jenkins, SonarQube, Nagios, Git, GitHub
Design	Figma, UI/UX Design, Wireframing, Prototyping, User Flows
Languages	JavaScript, Python, Java, C/C++, SQL

PROJECTS

FactMatrix 2024
Fake News Detection Platform

- Built a real-time fake news detection web app using NLP and multiple news APIs to cross-reference article credibility.
- Developed full-stack with React.js frontend, Node.js/Express backend, and MongoDB — achieving sub-2s detection response time.
- Implemented NLP pipeline to analyze text patterns, source reliability, and sentiment across 5+ news sources simultaneously.

PhishGuard 2024
AI-Powered Phishing Detection · Smart India Hackathon

- Engineered a phishing detection system using ML models to analyze URLs, email headers, and web content in real-time.
- Built with Python/Flask backend and React frontend; trained classifier on 50,000+ phishing samples achieving 94% accuracy.
- Selected for Smart India Hackathon — designed to protect users from credential theft and social engineering attacks.

SecureNest 2024
Security-First Web Application

- Developed a MERN stack app with JWT authentication, bcrypt password hashing, and encrypted data storage layers.
- Implemented role-based access control (RBAC) and secure session management to protect sensitive user data.

PureVital 2023
Wellness Platform UI/UX

- Designed and built a wellness platform in React with a full Figma design system — components, variants, and user flows.
- Focused on accessibility and clean UX; achieved consistent design language across 15+ screens.

EXPERIENCE

DigiFalx – Digital Beginnings Feb 2025 – Present
WordPress Developer Intern

- Developing and maintaining client websites, customizing themes/plugins and ensuring cross-browser compatibility.
- Optimizing site performance and implementing SEO best practices; reduced average page load by ~30%.
- Collaborating with design and dev team to troubleshoot issues and deliver responsive, accessible web experiences.

Hatmedia Mar 2024 – Dec 2024
Business Analyst Intern

- Assisted project managers in planning and executing projects, ensuring adherence to timelines and deliverables.
- Monitored project budgets, tracked expenses, and prepared financial reports to ensure cost-effectiveness.

Shah and Anchor Kutchhi Engineering College – E-Cell Jun 2023 – Nov 2023
PR Member

- Led PR and communications for entrepreneurship cell events, managing outreach to 500+ student community.
- Developed marketing campaigns and prepared effectiveness reports using survey and focus group data.

EDUCATION

Bachelor of Information Technology (B.Tech) 2022 – Present
Shah and Anchor Kutchhi Engineering College (SAKEC), Mumbai University

CERTIFICATIONS

- UI/UX Essentials — Udemy
- Business Analyst — Cisco
